

Letter to Governor Elect regarding State Police Firearms Training Facility proposed for Lee Road, Griswold, CT

November 7, 2018

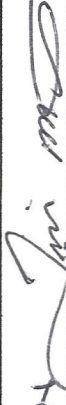

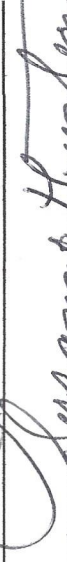

Dear Governor Elect,

As concerned citizens of the State of Connecticut and the towns of Griswold and Voluntown we adamantly oppose the proposed State Police Firearms Training Facility on Lee Road in Griswold for the following reasons:

- 1) This plan does not conform with both the Town of Griswold's and the State of Connecticut's Plan of Conservation and Development.
- 2) Construction of the proposed facility is planned within a 2-mile range of the most highly utilized recreational areas of the Pachaug State Forest. These include the CCC Youth Camp, Mount Misery Campground, Phillips Pond, Frog Hollow Horse Camp, multiple picnic areas, fishing ponds, Mount Misery Overlook, and lastly Hopeville Pond State Park with its beaches, campground, ball fields, picnic areas and pavilion. The local towns, especially Voluntown rely on tourism and visitors to the Pachaug State Forest for their livelihood. Pachaug State Forest is visited by over 85,000 people annually. Putting a Firearms Training Facility in the midst of the most highly used and populated areas of the State Forest will destroy the tourist economy.
- 3) The proposed facility would cost \$30 million dollars or more which the State does not have.
- 4) The Town of Griswold voted and overwhelmingly rejected by 87% the proposal of constructing the State Police Firearms Training Facility on Lee Road in Griswold.
