General Situational Awareness The public is very aware that testing has found that mosquitos bearing the Eastern Equine Encephalitis virus have been collected at a sample site in a swamp in PSF near this event. As a result CT DEEP closed both the Mt. Misery Campground and Frog Hollow Horse Camp in July. DEEP however has NOT closed any PSF areas to DAYTIME USE. While mosquitos can be present during the day, especially in damp and shady areas, CT. health advisories direct people to limit outside exposure between dusk and dawn. Use insect repellent. Refer to CT DEEP advisory on EEE and mosquito bite prevention
